TEVET LLC TO EXHIBIT AT WEST 2012

Greeneville – Tennessee, TEVET LLC announced today it will be exhibiting at the largest state-of-the-art defense and technology exposition and conference on the West Coast at the San Diego Convention Center, January 24-26. The Western Conference and Exposition – West 2012 – Co-sponsored by AFCEA and the U.S. Naval Institute, will feature exhibits from 400 technology leaders and discussions by leading military experts.

Visit us at booth #1918.

West 2012 is the largest event on the West Coast for communications, electronics, intelligence, information systems, imaging, military weapon systems, aviation, shipbuilding, and more. Focusing on “America’s Military at the Crossroads: What’s Out and What’s In for 2012 and Beyond?” West 2012 will feature leading military experts and analysts addressing various topics related to national defense including: defense budgets, cyber warfare, China, and much more.

The U.S. Naval Institute is a non-profit, independent forum advocating the necessity of global sea power for national security and economic prosperity. Its publications, conferences and heritage resources help military and civilians understand the role each plays in safeguarding national security – and our obligation to the all-volunteer force who provide it. For more information, go to www.navalinstitute.org.

AFCEA International, established in 1946, is a non-profit membership association serving the military, government, industry, and academia as an ethical forum for advancing professional knowledge and relationships in the fields of communications, information technology, intelligence, and global security. For more information, go to www.afcea.org.
